Dear Parent,

I am happy to inform you that the Board of Trustees unanimously approved the attached WMA Health and Safety Plan for the upcoming school year! Thank you again to all of our community members who took time out of their busy schedules to help us write the Plan. We could not have done this without them, and we are blessed to have them as part of our Waldron Mercy Family.

You should know that we did make changes to the document following our Town Hall Meeting and prior to submitting the plan to the Board. Those changes are highlighted in yellow so you can more easily see what has changed since you reviewed the preliminary draft.

Please be aware that this is a living document that may need to be updated throughout the year as we receive new guidance from the CDC and health authorities. We will of course keep you updated to specific changes that are made. The plan is also on our website and where it will be updated as necessary.

Shortly, we will be sending out a survey to get your thoughts on how at this point in time you anticipate your family will return to WMA this fall (in person, through distance learning, or a hybrid model) which will help us as we continue to make plans for the school year.

Stay safe!

In Mercy,
Ann Marie
